VAN THINKS TAFT WILL WIN AND TEDDY WILL BOLT.

CLARK'S CHANCES ROSY

Will Enter Convention With 500 Delegates, and by All Precedents Should Be Nominated.

(By VAN CLEVE.)

Washington, D .C., June 10.—Next week the formal nomination of a Republican candidate for president will be made at Chicago, but as a matter of fact the nomination is being made this week. When the national committee gets through with the more than two hundred contests the chances are that the Roosevelt boom will look like a picnic balloon with a hole in it.

The colonel is calling the national committee "political brigands," "thieves," and all sorts of pet names, and threatens to slip over to Chicago ani do some rough riding when the convention meets, but the cards have been dealt, the hands are being played and the men behind them are not the kind of men to be bluffed with a pair of trays.

There is every probability of two Republican nominees. The convention will nominate Taft, Roosevelt will nominate himself, and the big shows will go on. These are the forecasts of the political weather bureau today. Taft must be defeated for re-election, and "My Dear Theodore" is not willing to trust the job to any one else, be he Democrat or Republican. Unless he changes his mind, if Roosevelt is beaten for the nomination he will not only run for the presidency as the nominee of the rump convention, but an effort will be made to run candidates for congress in sympathy with his views wherever possible. There is much trouble ahead for the G. O. P.

* * *

Champ Clark's campaign is closed so far as the election of delegates is concerned. All that remains of the Democratic contest is the winning of uninstructed delegates and to secure second choice votes from the candidates who fall by the wayside. The campaign by the Democratic candidates has been waged with decency, and there are practically no contests filed. The only trouble reported is from the Philippines and the District of Columbia, and neither of these has any voice in the general election.

That Champ Clark will go into the convention at Baltimore with practically half the delegates is now certain. His friends feel confident of his nomination. He will not have the necessary two-thirds to secure a nomination on first ballot, but since the days of Martin VanBuren no Democrat has failed of a nomination who was able to command a majority, or a near majority, of the delegates. In addition to this the fight for Clark has been made with a view to second choice as well as first. In that respect he occupies the strategic position over all his opponents. The friends of Harmon and Underwood cannot consistently turn to Wilson, for whom Mr. Bryan has made his fight, and the supporters of Wilson cannot go to Harmon or Underwood, against whom Mr. Bryan has waged bitter warfare. Were it not for the opposition of Mr. Bryan and his lack of availability from a sectional standpoint, Oscar Underwood would be a tremendous factor in the Democratic convention. He will have to be reckoned with as it is. Able, suave, diplomatic and far sighted, he is at once popular and powerful.

Wallace Bassford, secretary to the speaker, has prepared an interesting and instructive map showing the strength of the various candidates. The states carried by Clark are colored red, those by Wilson blue, uninstructed yellow, and so on. The net result is an exceedingly red product. Beginning west and working east, the speaker is credited with delegates as follows: California 26, Washington 14, Montana 8, Idaho 8, Wyoming 6, Nevada 6, Colorado 12, New Mexico 8, Arizona 6, Oklahoma 10, Kansas 20, Nebraska 16, Iowa 26, Missouri 36, Arkansas 18, Louisiana 13, Kentucky 26, Tennessee 16, Illinois 58, Wisconsin 6, Michigan 18, West Virginia 14, Virginia 8, District of Columbia 6, Maryland 16, Pennsylvania 16, Rhode Island 10, Massachusetts 36, New Hampshire 8, Maine 2, Alaska 6, Hawaii 6, Philippines 6; total, 491, with at least 150 delegates to draw upon. This list shows a solid strip of strength through the heart of the country all the way from the Pacific to the Atlantic. It also shows that his strength does not come mainly from either the safely Democratic or the safely Republican states, but that it does come from the doubtful or close states which are essential to Democratic success. Such states as Missouri, Nebraska, Kentucky, Maryland, Massachusetts and California cannot be overlooked in estimating the chances in the electoral college.

CLOSING OF ST. PATRICK'S.

A Nice Program Was Given Friday Afternoon Before a Good Audience of Patrons and Friends.

St. Patrick's parish school closed Friday afternoon with a nice program, given by the students from the high school to the primary department, and consisted of piano numbers and songs. The program closed with an address by Rev. Fr. Niemann, who presented two gold medals to Eugene Cummins and Frank Cummins for making the highest average in their grades in the high school work.

This was the close of the first year for this school. It has been far more successful than Fr. Niemann and the Sisters had thought it could be, the enrollment being almost double what they had expected. The school has a good outlook for the coming year.

The following is the program:

Greeting song, high school pupils.

Polka, "Grace and Beauty"—L. Cummins.

Polka, "At the Picnic"—M. Doran.

The Booklet, M. Lavalle.

Song, children of first room.

Military march, T. Hunt.

Idylle, "Mandnacht"—L. Gorman.

Rondo, "Snowflakes"—H. Tobin.

Song, "The Month of Roses"—Pupils of second room.

March, H. Powell.

Stacatto polka, M. Cummins.

The Spinning Wheel, I. Dougan.

Slumber song, M. Cook.

Transcription of Faust, A. Parle.

Impromptu Mazurka, V. O'Grady.

The Robin's Return, A. Dougan.

Transcription of "Il Trovatore," F. Cummins.

Address, M. Heffern.

Farewell song, high school pupils.

MANDAMUS THE CITY.

To Issue Certificate to J. W. Morris as Police Judge or Show Cause Why.

An alternative writ of mandamus was filed Saturday by J. W. Morris, through his attorney, F. P. Robinson, against Mayor Arthur S. Robey and the city council to issue a certificate to Judge J. W. Morris as police judge or show cause why such certificate should not be issued. The writ is returnable in court on Monday, June 17, the first day of the June term of circuit court.

The petition claims that Morris was duly elected as police judge of the city at the last city election and should receive his certificate of election from the council. They allege that the ordinance passed by the city a month or so before the election abolishing the office was illegal and void, and since Morris received a majority of the votes cast he should be declared elected.

HOME COMING DAY SUNDAY.

The Third Annual Event at Harmony Church Promises to Be an Enjoyable One.

The third annual home coming day will be held at Harmony church, east of Maryville, on Sunday. It will be an all-day service, and at noon a big community dinner will be given. Dr. Charles H. Hubbell of Adrian, Mich., will preach in the morning at 11 o'clock, and W. A. Blagg of Maryville in the afternoon at 3 o'clock. There will also be special music.

Pierce Flemming to Kansas City.

Pierce Flemming of Graham, who was so seriously burned last winter when the residence of his father, T. E. Flemming, was burned to the ground, was taken to Kansas City this week to St. Mary's hospital of that city, where he will undergo the painful trial of skin grafting on his face. The skin will be grafted over his eyelids and around his mouth. Mr. Flemming was disfigured by his burns and the skin grafting will overcome this in a large measure.

Mrs. C. T. Donovan returned to her home in St. Joseph Friday evening, after a several days' visit with Mrs. Virgil W. Keene.

THEY ALL COME HOME

SONS AND WIVES CELEBRATE WITH MRS. HARSH JUNE 14.

4 GENERATIONS AT TABLE

Great Grandmother of 102 Enjoys Feast as Much as the Youngsters of Fourth Generation.

Mrs. Nancy Harsh, better known to every one in Hopkins as Grandma Harsh, celebrated her one hundred and second birthday Friday.

June 14 has been a day of some consequence in this dear old mother's family for some time, as that is the day the boys come home and bring their wives and children and the grandchildren and great-grandchildren and other relatives come to hold the family reunion.

Two years ago, when Grandma Harsh reached her one hundredth birthday, the occasion was celebrated at the home of her son, Ex-Senator Harsh, in Creston, Ia.

All that time hundreds of friends and relatives came from far and near to spend the day and congratulate Grandma on a well spent life.

At this time a number of pictures were taken to be given to relatives and friends. One of these, a picture of Grandma sitting by the open fireplace is highly prized by her friends.

Last year at her own request the day was observed very quietly at her home in Hopkins. This year plans were made to spend the day at the home of a great-granddaughter, Mrs. Arthur McMaster, just at the north edge of town. A number of relatives were invited and preparations were made by Mr. and Mrs. McMaster for the entertainment of their guests, but at the last minute, owing to the threatening weather, the arrangements were changed and the friends gathered at the home of Mrs. Harsh and her daughter, Mrs. Mary Donlin.

Here the day was spent pleasantly and profitably, the four generations sitting at the same table and enjoying an experience seldom given to anyone in this day and age to enjoy.

Grandma Harsh is delightful in her quaint ideas and strongly expressed views. She has little use for the hypocrites of this world, and doesn't hesitate to take both preacher and sinner over the coals if she thinks they need it.

Grandma Harsh is a Presbyterian in faith, but some of her best friends are among the ministers and members of the other churches.

Hopkins is proud of Grandma Harsh, and extends to her the congratulations and best wishes of the entire population. It if pleases the allwise Father to give her another year of good health we will rejoice with her on June 14, 1913, as we did Friday.

NOT MANY CHANGES TO BE MADE.

The Text Book Commission to Meet in Maryville Next Week to Decide on School Books.

The county text book commission, composed of County Superintendent of Schools W. M. Oakerson, Dean G. H. Colbert of the Normal and Superintendent C. A. Hawkins of the city schools, will meet next week to decide on the text books to be used by the schools of the county. The commission announced Saturday that not many changes would be made in the books.

Left for Atlantic.

Mr. and Mrs. J. W. Hutton of Atlantic, Ia., and their daughter, Mrs. Pearl Hutton-Schrader of Spokane, Wash., who have been spending a week in Maryville with their son and brother, W. J. Hutton, and family, left for Atlantic Saturday morning. Mrs. Schrader, who was to have given a recital at the Conservatory hall Saturday evening and at the State Normal Friday morning, was unable to keep her appointment because of an attack of tonsilitis. She was to have given a concert at her old home town, Atlantic, the coming Thursday night, but will be unable to do so, and several other concert engagements in Iowa have been cancelled. She will return to Maryville at a later date and sing before a Maryville audience.

Arrived From Wyoming.

Mr. Armonde Gill of Sheridan, Wyo., who on Tuesday will marry Miss Bird Shelton of this city, arrived in Maryville Saturday and is a guest at the home of his aunt, Mrs. J. E. O'Neal of South Main street.

TAFT WINS IN TEXAS

BIG EIGHT AND THREE DISTRICTS TO THE PRESIDENT.

TEDDY GETS 1 DISTRICT

Up to Press Time Saturday the President Has Won 187 Delegates and the Colonel 15.

Results of Contests.

Delegates seated up to Saturday: For Taft, 173; for Roosevelt, 13.

Total number of delegates in contests still pending up to Saturday, 68.

Delegates seated at press time this afternoon: For Taft, 14; for Roosevelt, 2.

Remaining contests, which will probably all be taken up today, are those of Texas, Virginia, Washington, the District of Columbia and the third district of North Carolina.

The Texas contest was taken up by the Republican national committee today at Chicago. Up to press time this afternoon the committee voted to seat the eight delegates at large from Texas for Taft, and to also give to Taft the district delegates in the first, second and fourth. In the third district in Texas the committee, by a unanimous vote, seated the two delegates for Roosevelt.

Col. Roosevelt arrived in Chicago late this afternoon.

The Republican convention will meet Tuesday. A monster mass meeting is to be held in an auditorium of Chicago on Monday night by the Roosevelt followers, which will be addressed by Col. Theodore Roosevelt.

All eyes will be on Chicago next week. The fight promises to be the liveliest one ever held in the country at a convention.

REPORT ON APPLE CROP.

Unusually Large Apple Crop in Sight at This Time.

Reports from correspondents to the secretary's office indicate an unusually large apple crop in sight at this time. The percent may fall some during this month, due to what is known as "the June drop," and there is always the menace of insects and diseases to the unsprayed orchards.

So far this season there has been but slight injury due to insects and diseases. Some correspondents report scab and blight, also damage from curculio and codling moth, especially in unsprayed orchards. These do not appear, however, to be widespread, as most reports give no insect or disease injury.

The set has been only fair to good. Some varieties, as Ben Davis, Gano and Winesap, set well and will give best crop. Jonathan and York set poorly in all sections, while most sections report poor set for summer varieties. As an average for the state, estimated by our correspondents, the apple crop now stands at 72 per cent. This seems to be fairly uniform throughout the state. The lowest average is for Northeast Missouri—64 per cent—while the highest—Northwest Missouri—has 77 per cent.

At this time last year the outlook for an apple crop was placed at 35—40 per cent.

The average number of growers reported spraying is 16 per cent. Northwest Missouri leads with highest number 29 per cent, while Central Missouri reports the least, 11 per cent.

GRAFTED SKIN ON HAND.

Little Boy From Hospital Went Through That Operation at St. Francis Hospital Saturday.

Ronald Renfro, the 3-year-old son of Mrs. Mary Renfro of Hopkins had enough skin taken from one of his legs Saturday morning to cover the back of one of his hands that was badly burned a year ago. The hand was so scarred and drawn that the fingers turned back. The child was brought to the hospital several days ago by his mother and sister, Miss Elma. Dr. Charles T. Bell, who had charge of the case, removed the scar a few days ago and prepared the place for grafting on the skin. He got along all right this morning, and it will be only a short time until he will have a good hand.

Mrs. C. C. Graves, Misses Dora and Winifred Carpenter went to St. Joseph Saturday morning to spend the day.

Mr. and Mrs. Clarence Steiger of Ravenwood visited in the city Friday with the family of Robinson Craven.

DIED AFTER LONG ILLNESS.

Mrs. T. C. Hollowell Passed Away at Her Home on East Second Street Friday Afternoon.

Mrs. Thomas C. Hollowell, who has been very ill of a complication of diseases for the past year, died Friday afternoon at 4 o'clock at the family home, 1004 East Second street.

The funeral services will be held Sunday afternoon at 3 o'clock at the residence and will be conducted by Rev. J. S. Ford of the First M. E. church and Rev. Lee Harrel of the Baptist church. The body will lie in state from 1 to 2:30 o'clock Sunday afternoon.

Mrs. Hollowell, whose maiden name was Anna Clara Lowrey, was the daughter of Mr. and Mrs. B. F. Lowrey of this city. She was born in Bedford county, Pa., June 28, 1858. When a small child she came west with her parents, who settled at Hanover, Kan., and then later moved to Washington, Kan., where she was married April 25, 1875, to T. C. Hollowell. Mr. Hollowell and his wife's family moved to Maryville thirty-five years ago the coming August, and this city has been their home ever since. Five children were born to them—William, who died in infancy, and four children who survive their mother with their father. They are: Francis B., Ina, Lawson D. and Truman Hollowell, who are at home. Mrs. Hollowell is also survived by three brothers and two sisters—R. H. and S. Wesley Lowrey of Grant City ,Samuel W. Lowrey of Maryville, Dr. May L. Beason of Newell, Ia., and Mrs. J. S. Clark of Maryville.

Mrs. Hollowell has been a member of the M. E. church since young womanhood.

Mrs. Hollowell had been a member of the Methodist Episcopal church since young womanhood. She was as true in every relation of life as a Christian woman can be. She was especially good to those less fortunate than herself, and many will miss her kind ministrations. Her family will have to bear the loss of a true wife, a loving mother and daughter. She was patient and kind through all her long illness. May the memory of her faith and goodness sustain them and lead them to the same God in whom she had implicit faith. A FRIEND.

THE NORMAL BOULEVARD.

New Road Will Be Completed Saturday Evening—Opened to Public Next Thursday.

President Taylor announced Saturday morning that the new road or driveway to the Normal campus will be completed Saturday evening, but will not be open to public use until next Thursday, June 20.

The new road will be designated "The Normal Boulevard." It begins at the entrance to the Normal residence, thence through the campus to the front of the Normal building, past the athletic grounds, then through Normal-Chautauqua park to Fourth street.

This will eventually become one of the most attractive drives in Northwest Missouri.

The road is the one that the Normal has demonstrated on with oil.

TO CHICAGO FOR CONVENTION.

A Party Left Saturday Afternoon on the Burlington for the Windy City.

A party from Maryville left Saturday for Chicago, where they will attend the Republican national convention to be held next week. J. S. Shinabargar, a delegate from the fourth congressional district; H. F. Leet, an alternate, and W. F. Phares, R. P. Hosmer, George Robb Ellison and James Todd were in the party. Mr. and Mrs. Fayette Bellows and family also left Saturday afternoon for the convention and will be the guests of relatives in Chicago.

Services at Workman Chapel.

Memorial services will be held at the Workman chapel, northwest of Maryville, on Sunday. A basket dinner will also be given. President H. K. Taylor of the Normal school is to deliver the address in the afternoon.

Normal Enrollment 459.

The enrollment for the summer term of the State Normal school was 459 Saturday.

Clairvoyant Bernay Will Be in Maryville 3 Days Each Week

Arrives Monday Noon and Remains Until Wednesday Night—Offices at 201 Fourth Street, Corner of Buchanan.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travels, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating.

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are $1.00 and $2.00. Everything strictly confidential.

WHAT OUR BUSINESS MEN NEED.

The need of the business men of today are employes who are as much interested in their business as though it were their own. The following little incident shows that there are some employes made of the right kind of metal.

A lady went into one of the leading dry goods stores of a little city, having a few small purchases to make. The saleslady in attendance gave as much attention to her purchases as though they had amounted to hundreds of dollars. After the customer had gone the cashier of the store noticed the omission of an article from the lady's package and told the saleslady about it. She was ready in a moment with hat and gloves to take the lady's package to her before any embarrassment had been caused, but the customer had noticed the error as soon as she left the store and had returned for it.

Another incident happened to this same lady. She visited an ice cream parlor where two young lady clerks were in attendance, and seated herself at a table in plain view of them, waiting her turn to be served. There she sat, expecting every minute to be waited on next, but several young men customers were waited on at the cigar case instead, and the proprietor's wife visited the store and chatted with the clerks concerning the weather, etc. The customer modestly arose and walked out of the store, and we doubt if the sleepy clerks knew they had had a customer.

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Martin H. Borrusch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

EDUCATIONAL AND INDUSTRIAL CO-OPERATION.

Here is what the St. Joseph Gazette had to say in an editorial under the above caption:

The general theme followed by President H. K. Taylor of the Maryville State Normal school in his address at the Commerce club luncheon was the relation, the co-ordination, between the higher educational interests of Northwestern Missouri and the material and better advancement of all legitimate interests in that territory, including those of St. Joseph. He "connected up" with admirable logic and illustration, and his address excited frequent and enthusiastic applause.

But ignoring all figures of speech and claims inspired by enthusiasm of the moment, and it is a fact that the co-relation, the interdependence of all legitimate industry and of education in Northwestern Missouri with the immediate business and educational interests of St. Joseph is apparent to all thinking people. One of the first conclusions apparent to us is that whatever St. Joseph may do to forward the immediate interests of the State Normal at Maryville will forward the educational interests of this city directly. It is really impossible to controvert this. In the first place, too many Buchanan county students are enrolled there to let us forget that it is true. In the next place, every neighborhood in Northwestern Missouri that is tributary to St. Joseph in a trade sense also has students enrolled therein, and those students upon graduating and looking for new and broader fields than the ones they come from, naturally and inevitably turn to St. Joseph. We all know that hundreds of them do every year.

Many teachers in St. Joseph and Buchanan county and every other neighborhood of this section of the state are graduates of the Maryville Normal school, and the districts that employ them are distinctly profited by it as they themselves are. Besides, it is a matter of mutual pride.

It is a matter of concern to this city and this county and to all of this section that the educational methods and theories of the Maryville Normal school be continued as practical and advanced as they are under its present management. Let us interest ourselves in its behalf with the next legislature and in other ways, including liberal patronage. It will be a good investment for the near and the distant future.

CHICAGO MERCHANT MAKES STATEMENT.

After Spending Thousands of Dollars and Consulting the Most Eminent Physicians, He Was Desperate.

CHICAGO, ILLS.—Mr. J. G. Becker, of 134 Van Buren St., a well-known wholesale dry goods dealer, states as follows:

"I have had catarrh for more than thirty years. Have tried everything on earth and spent thousands of dollars for other medicines and with physicians, without getting any lasting relief, and can say to you that I have found Peruna the only remedy that has cured me permanently.

"Peruna has also cured my wife of catarrh. She always keeps it in the house for an attack of a cold, which it invariably cures in a very short time."

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die.

At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

Your druggist sells it. Please try it.

Ends Hunt for Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Elictric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at Orear-Henry Drug Co.

GAVE PRESIDENT EVERY CONTEST

Roosevelt Gained Nothing in Day's Work of Committee.

ASK MORE TIME ON TEXAS CASES

Committee Adjourned Early on Request of Taft Attorneys—68 Contests Remain Undecided.

Chicago, June 15.—President Taft received six delegates at the hands of the Republican national committee in contests with the forces of Col. Roosevelt. To that number the committee added eight by the settlement of local fights between Taft rival delegations. Opposed to the day's gain of 14 by President Taft was another empty sheet for Col. Roosevelt.

When the committee adjourned at 2:50 o'clock the Texas, Virginia and Washington contests remained as the struggles in which the Roosevelt leaders are to center their strength.

The Results to Date.

The committee's labors have resulted as follows for the day:

For Taft in contests with Roosevelt: Oklahoma, first district, 2; Tennessee, second district 2, ninth district 2. In contests between rival Taft delegations: South Carolina, first district, 2; Tennessee, first district 2, tenth district 2; Alaska, 2.

Total contests decided, 186; for Taft 173, for Roosevelt 13, remaining undecided, 68.

The contest from Alaska, that had not figured in the committee's lists, was disposed of without argument just before adjournment.

Dick Pleads for Time.

The sudden and early termination of the day's proceedings resulted from the desire of President Taft's attorneys for more time to prepare the cases from Texas. Col. Cecil Lyon, the Texas committeeman, declared the Roosevelt forces were prepared, and desired to continue, but former Senator Dick asked and was granted a continuance until morning.

The remaining contests include those of Texas, Virginia, Washington, the District of Columbia and the third district of North Carolina. In the Fourth Carolina district both delegates are understood to be for Roosevelt.

The contested delegates in Texas number 30, in Virginia 20, in Washington 14, in the District of Columbia two and in North Carolina two.

MORE LAND IS BEING FLOODED

Louisiana Planters Give Up Contest and Move—Sugar Plantations Ruined.

New Orleans, June 15.—A desperate fight is being waged in La Fourche and adjoining parishes to keep the flood waters of Hymelia crevasse from inundating several valuable sugar plantations, the flooding of which will increase property loss by the thousands.

Several plantation owners have given up the contest as hopeless and are moving what property they can. Live stock by the hundreds, isolated in La Fourche parish, is almost certain to die of starvation. Steamers with sand bags and supplies are en route to the La Fourche section.

TO RID WASHINGTON OF CATS

Fear of Spreading Rabies Epidemic Causes Official Order to Kill Animals.

Washington, June 15.—The commissioners of the District of Columbia are going after cats. By official edict all cats hereafter found running at large will be impounded and put to death.

The regulation was adopted, the commissioners say, for the prevention of the spread of rabies. Nine feline sufferers from this disease, accused of having bitten 11 persons, have been impounded so far.

A Ban on "Picture Brides."

San Francisco, June 15.—No more "picture brides" from Japan is the ruling received from Secretary Nagel of the department of commerce and labor. Nearly 90 per cent of the Japanese women who come to this country pass in on photos shown by their supposed husbands. Those who oppose their entry maintain that many of them are imported for illegal purposes.

Edison Gift Story False.

Orange, N. J., June 15.—Thomas A. Edison emphatically denies that there is any truth in the report that he was the donor of the $2,500,000 fund recently given by someone to the Massachusetts institute of technology, Boston. The inventor says that he has a better use for his money.

Cloudburst Tied Up Trains.

Sedalia, Mo., June 15.—A cloudburst on the St. Louis division of the Missouri, Kansas & Texas railway near Rocheport caused a washout that resulted in trains to and from St. Louis being detoured over the Chicago & Alton and Chicago, Burlington & Quincy railways.

FRANCIS J. HENEY

Francis J. Heney, in conducting the Roosevelt side of the California contest before the Republican national committee, said he was there "for the purpose of apprising the president that he is accepting stolen goods if he takes these delegates when you give them to him."

WARNS KANSANS OF TYPHOID

STATE BOARD OF HEALTH GIVES VALUABLE ADVICE.

Pamphlet Issued by Dr. Crumbine Tells of Danger and Means of Prevention.

Topeka, June 15.—This is the time of year when everyone should be preparing to stop the ravages of typhoid fever, the most dangerous and most prevalent of summer diseases. Typhoid easily is preventable, and July, August, September and October are the months when it is most prevalent.

The Kansas board of health has just started its crusade against the disease. It has had a pamphlet printed telling all about typhoid, how to prevent it, how to cure it and how to prevent its spread.

Typhoid is a communicable disease and is spread by a germ of its own. These germs are usually spread through polluted water supplies, through milk and through the ordinary housefly, the fly being the most dangerous carrier.

The best preventive of the disease is a disinfectant, and the best of these is chloride of lime, says Dr. S. J. Crumbine, secretary of the state board of health. Spread it around thick upon all refuse piles, drains, stables, vaults and anywhere else where germs might breed and where the odor is not objectionable, and there will be no danger of the disease. Chloride of lime, one pound to three gallons of water mixed, may be used around the house and will accomplish the same purpose.

If there should be a typhoid fever case in the neighborhood keep out the flies. Keep them away from every person and away from the food, away from everything that may be eaten or handled and there will not be much danger of the disease spreading.

BANKER'S ASSAILANT IS HELD

Paul Swingle Must Stand Trial for Shooting of Thad Carver at Pratt, Kansas.

Pratt, Kan., June 15.—Paul Swingle, charged with shooting Thad C. Carver, a wealthy banker of this city, on May 15, was bound over to the district court and is in jail in default of $5,000 bond.

Two nail marks on the Carver window fit the two nails that protrude from Swingle's shoes he wore when arrested. A bullet taken from one of the shells from Swingle's revolver tallies exactly with the one taken from Carver's side.

The bloodhounds followed the trail to the jail and then when the jail door was opened went to the cell that Swingle was in and would work no more.

Label Liquor "Explosive."

Tulsa, Ok., June 15.—It is a "cold day in August" when an east Oklahoma "bootlegger" cannot find some method to evade the prohibitory laws. The latest scheme is to import liquor into forbidden territory in nitroglycerin wagons. These wagons will carry 600 quarts and with the label, "Nitroglycerin—Dangerous!" are an object of terror to everybody, officers included. The plan practiced is to load a wagon half full of liquor and then fill the other half with the explosive.

Shot at Girl Five Times.

Chicago, June 15.—Standing beside the bed of his former sweetheart, Bernice Douthitt, Thomas M. Payne, 28 years old, fired five shots at her. Every bullet struck the bed, but the girl was uninjured. Reloading the gun, Payne fired a bullet into his own body, and was taken to a hospital in a dangerous condition. Payne was angry with the girl because she had jilted him.

NEGRO CLAIMS HE WAS BRIBED

Roosevelt Men Give Out Alleged Letter From Taft Delegate.

CAUSED SENSATION IN CAMP

Charles Banks of Mississippi, Wrote McKinley, Returning Money Placed in His Hands.

Chicago, June 15.—A letter written by Charles Banks, one of the negro Taft delegates-at-large from Mississippi, to McKinley of the Taft headquarters, announcing that he would support Roosevelt and was returning "the money placed in my hands, at your suggestion, to defray the traveling expenses of some of the delegates from Mississippi," was given out by Senator Dixon, manager of the Roosevelt campaign, and created a sensation in political circles.

No Explanation Given.

The letter was unaccompanied by explanation from the Roosevelt managers, further than that "Senator Dixon received at Roosevelt headquarters the following copy of a letter sent to William B. McKinley."

Banks and his associates on the Taft delegation-at-large were seated by the national committee against the protest of the Roosevelt contestants from the state.

The letter said in part:

"In keeping with my suggestion of yesterday, I am returning to you herewith the money placed in my hands at your suggestion, to defray traveling expenses of some of the delegates from Mississippi.

Expense Money Not Wanted.

"When I was in Washington your assistant brought up the matter of expenses for delegates from my state. I told him then, in your presence, that I would not accept any expense money.

"You then proposed that I take enough for the rest of the delegates. I stated to you that they were all men who could get to Chicago, and you could look after the matter here; both of you, however, proposed that the matter be closed then, to which I agreed."

Banks says further in the letter.

"In turning from the support of your candidate it may be urged that I have violated instructions," the letter says. "I shall say nothing of the conditions under which the convention issued instructions unless later developments require it."

WOMAN TOOK REGISTERED MAIL

Long List of Mysterious Thefts Cleared by Confession at Spadra, Ark.

Fort Smith, Ark., June 15.—Charged with rifling the mails, Mrs. Emma Mitchell of Spadra, Ark., pleaded guilty before Judge Youmans. The woman admitted she was responsible for a long series of mail thefts at Spadra, where her husband was employed as night telegraph operator at a railway station. In his absence, she said, she opened the mail sacks and extracted merchandise. She said her husband, who was arrested but not indicted, was innocent of any complicity in the crime.

WOMAN KNOCKED A HORSE DOWN

Farmer's Wife Stops Runaway With a Blow, Saving Her Husband's Life.

Wichita, June 15.—While milking a cow on her farm north of here, Mrs. S. B. Gaines saw a four-horse team headed toward her on the run, dragging the plow and Mr. Gaines. Taking a wooden standard, Mrs. Gaines stood where the horses would have to pass, and felled one of the animals with a blow on the head. This brought the runaway to a stop and, after learning her husband was not severely injured she telephoned for a veterinary, who found the horse so badly hurt it had to be killed.

Women Doctors in Germany.

Berlin, June 15.—The prospects for women in the professions which necessitate the possession of university diplomas has been the subject of inquiry by the Berlin university. The results show that the most prosperous of these professions was the medical. There are now 172 certified women doctors in Germany.

To Resume Orient Construction.

Fort Stockton, Tex., June 15.—It is announced that construction work will soon be resumed on the extension of the Kansas City, Mexico & Orient from Granada to Fort Stockton, a distance of 32 miles. Citizens of Fort Stockton and landed interests near here have subscribed $30,000 bonus to aid the road.

Railroads Help Farmers.

Topeka, June 15.—The Kansas railroads are preparing to issue a call for a big convention of Kansas farmers to be held in Topeka next fall to discuss plans for a statewide movement to improve the acre yields in Kansas, the roads and the social life of the farmers.

TWO STATES HAVE FATAL TORNADOES

Kansas and Nebraska Visited by Destructive Storms.

EACH REPORTS BUT ONE DEATH

Many People Have Narrow Escape—Number of Small Twisters in One County—Much Property Damage.

Independence, Kan., June 15.—Stories are already coming into town about the heavy wind, rain and hail storm which passed through this section of Montgomery county about 6 o'clock. It seemed to be made up of a number of small "twisters" each of which, after doing some damage, dissolved.

Near Elk City, this county, the storm did considerable damage and caused the death of a 10-year-old boy, Ray Palmer. Young Palmer and his father were in the barn caring for the stock when the wind picked up the farm house and buildings and scattered them over the landscape. The barn was crushed like an egg shell and man and boy were blown into the box stalls with the mules. The father was only slightly injured, but the boy was kicked and trampled on so severely that he lived but three hours after the accident.

Took Refuge in Cellar.

At the farm of O. L. Kimbre, two miles from Elk City, the family saw the tornado coming and took refuge in the cellar. When they emerged there was hardly a vestige left of their home or any of the outbuildings. On other farms the outbuildings were blown away.

A small "twister" formed two miles from Independence, moved along for half a mile, taking farm buildings and all trees in its path, then was dissipated.

Hail Stones Measured 14 Inches.

Beatrice, Neb., June 15.—A destructive tornado and hail storm passed through the north part of Gage county about 6 o'clock. Mrs. John Ideus was instantly killed at her home near Adams when her house was blown down. Her daughter fatally injured.

The house of Emil Keller, near Hallam, was destroyed, but the family escaped uninjured. The storm traveled southeast from that point, blowing down barns and outbuildings.

Southeast of Cortland many barns and outbuildings were leveled. Hail stones measuring 14 inches in circumference fell. Complete reports of the damage are lacking. The storm covered a strip of territory about a mile in width.

SUFFRAGETTES "INVITED OUT"

Duchess of Devonshire Had to Have Two Guests Removed From Her House.

London, June 15.—There was a meeting at Devonshire house of the Colonial Nursing association. Princess Henry of Battenberg was present. While Lewis Harcourt, a member of the cabinet, was speaking, two suffragettes interrupted him with their war cry of "votes for women."

The Duchess of Devonshire reminded the women that they were guests in her house and under the circumstances she had no alternative but to request that they withdraw. The women were led from the room.

INDUSTRIAL WORKERS HAD ACID

Two Men, Arrested in Los Angeles After Hard Fight, Each Carried Bottle.

Los Angeles, June 15.—Two men who said they were members of the Industrial Workers of the World were arrested here after a rough and tumble fight in a restaurant.

The police said they found on the men two revolvers, cartridge belts filled with bullets and a bottle of prussic acid. When asked why they were carrying around a bottle of prussic acid one of the prisoners is said to have told the police that they "used it in their propaganda work."

Had Five Paralytic Strokes.

Columbia, Mo., June 15.—Miss America Stockton, 90 years old, residing near Centralia, is alive after five strokes of paralysis. Three strokes usually prove fatal and five is said to be an unheard of number. Miss Stockton cannot talk, but is able to understand what is said to her.

Demand Union Funerals.

Cincinnati, June 15.—Unionization of funerals is demanded by the newly organized hack and cab drivers' union of this city, the officers having notified the employing undertakers that they will strike unless their demand for recognition of the union is complied with.

Safe Blowers Got $12,000.

Rogers, Ark., June 15.—Four robbers blew open the safe of the First National bank at Huntsville and escaped with $12,000. The robbers used dynamite on the safe and escaped before the town was entirely aroused. Huntsville is 40 miles southeast of Rogers.

MARKS LINE OF FAMOUS MARCH

BRONZE TABLETS NOW SHOW HERKIMER'S ADVANCE.

Striking Memorial Service at Unveiling—Each of the 14 Shows Some Historical Spot.

Utica, N. Y., June 14—General Nicholas Herkimer's 40-mile advance through the Mohawk Valley to relieve Col. Peter Gansevoort at Fort Stanwix from the onslaught of a large force of British and Indians in August, 1777, was commemorated today by the unveiling of fourteen bronze tablets strung along his line of march.

It is probable that never before in history of the United States has as striking a memorial service been staged. Along the forty miles of country road traversed by the rescue party the tablets mark each important historical spot. Each of these tablets contains a map of the route and also a few lines explaining the significance of its site. Those who placed the tablets were the German American Alliance, the Sons of Oriskany of New York City, the Utica Chamber of Commerce, the school children of Utica, the Fort Schuyler Chapter of the Sons of the American Revolution, and the Asternnrogem, Nicholas Herkimer, Kuyahoora, Mohawk Valley, Marinus Willett, Oneida and Oriskany chapters of the Daughters of the American Revolution.

Herkimer's march began on August 3, 1777, when he left his homestead, and terminated on August 6, on which day he fought the battle of Oriskany. This battle is registered as indecisive in history, but in reality it effectually checked the southern march of St. Leger with his Tories and Brant, commanding a large body of Indians, thus turning the tide of battle against the British at a most critical period in the American Revolution.

Herkimer was wounded early in the battle, but directed the fight from a little rise of ground where he sat on the saddle of his dead horse, replying to all importunities to retire, "I will face the enemy." The general died three days later at his homestead after the amputation of his leg by a French surgeon.

GIRL LAW STUDENT WINS PRIZE

Only Woman in Missouri University Class Has Best Essay on Legal Ethics.

Columbia, Mo., June 14.—In competition with more than 200 men students Miss Ethel Violet Kynaston of Moberly, Mo., won the highest honor given in the school of law of the University of Missouri for the last school year. At the seventieth annual commencement of the university it was announced that Miss Kynaston had won the Karnes Prize for the best essay on legal ethics. Miss Kynaston is the only girl in the school. The prize is worth $50, and is the annual gift of the late J. V. C. Karnes of Kansas City.

MAKING A FINE ROAD.

S. J. Icke and Sons Are Fixing Up a Mile of Road That Can't Be Beaten.

R. G. Sanders came in this noon from an automobile trip south of town and is praising up the good road work that is being done by the farmers along the way.

But there is one mile of road he can't quit talking about. It is the mile that is being worked by S. J. Icke and his sons, F. A. and S. M. Icke, along their farm. He says they will soon have it as smooth as a table, and also said that Mr. Icke and his sons say they are not going to let anybody beat them at making and keeping a good road if they can help it. And it looks as though they are going to succeed. Let the good work go on. Nothing speaks better for the progressiveness of a community than its good roads.

VOLUME 3. MARYVILLE, MISSOURI, SATURDAY, JUNE 15, 1912. No. 11.

TWO REP. TICKETS

VAN THINKS TAFT WILL WIN AND TEDDY WILL BOLT.

CLARK'S CHANCES ROSY

Will Enter Convention With 500 Delegates, and by All Precedents Should Be Nominated.

(By VAN CLEVE.)

Washington, D .C., June 10.—Next week the formal nomination of a Republican candidate for president will be made at Chicago, but as a matter of fact the nomination is being made this week. When the national committee gets through with the more than two hundred contests the chances are that the Roosevelt boom will look like a picnic balloon with a hole in it.

The colonel is calling the national committee "political brigands," "thieves," and all sorts of pet names, and threatens to slip over to Chicago anl do some rough riding when the convention meets, but the cards have been dealt, the hands are being played and the men behind them are not the kind of men to be bluffed with a pair of trays.

There is every probability of two Republican nominees. The convention will nominate Taft, Roosevelt will nominate himself, and the big shows will go on. These are the forecasts of the political weather bureau today. Taft must be defeated for re-election, and "My Dear Theodore" is not willing to trust the job to any one else, be he Democrat or Republican. Unless he changes his mind, if Roosevelt is beaten for the nomination he will not only run for the presidency as the nominee of the rump convention, but an effort will be made to run candidates for congress in sympathy with his views wherever possible. There is much trouble ahead for the G. O. P.

* * *

Champ Clark's campaign is closed so far as the election of delegates is concerned. All that remains of the Democratic contest is the winning of uninstructed delegates and to secure second choice votes from the candidates who fall by the wayside. The campaign by the Democratic candidates has been waged with decency, and there are practically no contests filed. The only trouble reported is from the Philippines and the District of Columbia, and neither of these has any voice in the general election.

That Champ Clark will go into the convention at Baltimore with practically half the delegates is now certain. His friends feel confident of his nomination. He will not have the necessary two-thirds to secure a nomination on first ballot, but since the days of Martin VanBuren no Democrat has failed of a nomination who was able to command a majority, or a near majority, of the delegates. In addition to this the fight for Clark has been made with a view to second choice as well as first. In that respect he occupies the strategic position over all his opponents. The friends of Harmon and Underwood cannot consistently turn to Wilson, for whom Mr. Bryan has made his fight, and the supporters of Wilson cannot go to Harmon or Underwood, against whom Mr. Bryan has waged bitter warfare. Were it not for the opposition of Mr. Bryan and his lack of availability from a sectional standpoint, Oscar Underwood would be a tremendous factor in the Democratic convention. He will have to be reckoned with as it is. Able, suave, diplomatic and farsighted, he is at once popular and powerful.

Wallace Bassford, secretary to the speaker, has prepared an interesting and instructive map showing the strength of the various candidates. The states carried by Clark are colored red, those by Wilson blue, uninstructed yellow, and so on. The net result is an exceedingly red product. Beginning west and working east, the speaker is credited with delegates as follows: California 26, Washington 14, Montana 8, Idaho 8, Wyoming 6, Nevada 6, Colorado 12, New Mexico 8, Arizona 6, Oklahoma 10, Kansas 20, Nebraska 16, Iowa 26, Missouri 36, Arkansas 18, Louisiana 13, Kentucky 26, Tennessee 16, Illinois 58, Wisconsin 6, Michigan 18, West Virginia 14, Virginia 8, District of Columbia 6, Maryland 16, Pennsylvania 16, Rhode Island 10, Massachusetts 36, New Hampshire 8, Maine 2, Alaska 6, Hawaii 6, Philippines 6; total, 491, with at least 150 delegates to draw upon. This list shows a solid strip of strength through the heart of the country all the way from the Pacific to the Atlantic. It also shows that his strength does not come mainly from either the safely Democratic or the safely Republican states, but that it does come from the doubtful or close states which are essential to Democratic success. Such states as Missouri, Nebraska, Kentucky, Maryland, Massachusetts and California cannot be overlooked in estimating the chances in the electoral college.

CLOSING OF ST. PATRICK'S.

A Nice Program Was Given Friday Afternoon Before a Good Audience of Patrons and Friends.

St. Patrick's parish school closed Friday afternoon with a nice program, given by the students from the high school to the primary department, and consisted of piano numbers and songs. The program closed with an address by Rev. Fr. Niemann, who presented two gold medals to Eugene Cummins and Frank Cummins for making the highest average in their grades in the high school work.

This was the close of the first year for this school. It has been far more successful than Fr. Niemann and the Sisters had thought it could be, the enrollment being almost double what they had expected. The school has a good outlook for the coming year.

The following is the program:

Greeting song, high school pupils.

Polka, "Grace and Beauty"—L. Cummins.

Polka, "At the Picnic"—M. Doran.

The Booklet, M. Lavalle.

Song, children of first room.

Military march, T. Hunt.

Idylle, "Mandnacht"—L. Gorman.

Rondo, "Snowflakes"—H. Tobin.

Song, "The Month of Roses"—Pupils of second room.

March, H. Powell.

Stacatto polka, M. Cummins.

The Spinning Wheel, I. Dougan.

Slumber song, M. Cook.

Transcription of Faust, A. Parle.

Impromptu Mazurka, V. O'Grady.

The Robin's Return, A. Dougan.

Transcription of "Il Trovatore," F. Cummins.

Address, M. Heffern.

Farewell song, high school pupils.

MANDAMUS THE CITY.

To Issue Certificate to J. W. Morris as Police Judge or Show Cause Why.

An alternative writ of mandamus was filed Saturday by J. W. Morris, through his attorney, F. P. Robinson, against Mayor Arthur S. Robey and the city council to issue a certificate to Judge J. W. Morris as police judge or show cause why such certificate should not be issued. The writ is returnable in court on Monday, June 17, the first day of the June term of circuit court.

The petition claims that Morris was duly elected as police judge of the city at the last city election and should receive his certificate of election from the council. They allege that the ordinance passed by the city a month or so before the election abolishing the office was illegal and void, and since Morris received a majority of the votes cast he should be declared elected.

HOME COMING DAY SUNDAY.

The Third Annual Event at Harmony Church Promises to Be an Enjoyable One.

The third annual home coming day will be held at Harmony church, east of Maryville, on Sunday. It will be an all-day service, and at noon a big community dinner will be given. Dr. Charles H. Hubbell of Adrian, Mich., will preach in the morning at 11 o'clock, and W. A. Blagg of Maryville in the afternoon at 3 o'clock. There will also be special music.

Pierce Flemming to Kansas City.

Pierce Flemming of Graham, who was so seriously burned last winter when the residence of his father, T. E. Flemming, was burned to the ground, was taken to Kansas City this week to St. Mary's hospital of that city, where he will undergo the painful trial of skin grafting on his face. The skin will be grafted over his eyelids and around his mouth. Mr. Flemming was disfigured by his burns and the skin grafting will overcome this in a large measure.

Mrs. C. T. Donovan returned to her home in St. Joseph Friday evening, after a several days' visit with Mrs. Virgil W. Keene.

THEY ALL COME HOME

SONS AND WIVES CELEBRATE WITH MRS. HARSH JUNE 14.

4 GENERATIONS AT TABLE

Great Grandmother of 102 Enjoys Feast as Much as the Youngsters of Fourth Generation.

Mrs. Nancy Harsh, better known to every one in Hopkins as Grandma Harsh, celebrated her one hundred and second birthday Friday.

June 14 has been a day of some consequence in this dear old mother's family for some time, as that is the day the boys come home and bring their wives and children and the grandchildren and great-grandchildren and other relatives come to hold the family reunion.

Two years ago, when Grandma Harsh reached her one hundredth birthday, the occasion was celebrated at the home of her son, Ex-Senator Harsh, in Creston, Ia.

All that time hundreds of friends and relatives came from far and near to spend the day and congratulate Grandma on a well spent life.

At this time a number of pictures were taken to be given to relatives and friends. One of these, a picture of Grandma sitting by the open fireplace is highly prized by her friends.

Last year at her own request the day was observed very quietly at her home in Hopkins. This year plans were made to spend the day at the home of a great-granddaughter, Mrs. Arthur McMaster, just at the north edge of town. A number of relatives were invited and preparations were made by Mr. and Mrs. McMaster for the entertainment of their guests, but at the last minute, owing to the threatening weather, the arrangements were changed and the friends gathered at the home of Mrs. Harsh and her daughter, Mrs. Mary Donlin.

Here the day was spent pleasantly and profitably, the four generations sitting at the same table and enjoying an experience seldom given to anyone in this day and age to enjoy.

Grandma Harsh is delightful in her quaint ideas and strongly expressed views. She has little use for the hypocrites of this world, and doesn't hesitate to take both preacher and sinner over the coals if she thinks they need it.

Grandma Harsh is a Presbyterian in faith, but some of her best friends are among the ministers and members of the other churches.

Hopkins is proud of Grandma Harsh, and extends to her the congratulations and best wishes of the entire population. It if pleases the allwise Father to give her another year of good health we will rejoice with her on June 14, 1913, as we did Friday.

NOT MANY CHANGES TO BE MADE.

The Text Book Commission to Meet in Maryville Next Week to Decide on School Books.

The county text book commission, composed of County Superintendent of Schools W. M. Oakerson, Dean G. H. Colbert of the Normal and Superintendent C. A. Hawkins of the city schools, will meet next week to decide on the text books to be used by the schools of the county. The commission announced Saturday that not many changes would be made in the books.

Left for Atlantic.

Mr. and Mrs. J. W. Hutton of Atlantic, Ia., and their daughter, Mrs. Pearl Hutton-Schrader of Spokane, Wash., who have been spending a week in Maryville with their son and brother, W. J. Hutton, and family, left for Atlantic Saturday morning. Mrs. Schrader, who was to have given a recital at the Conservatory hall Saturday evening and at the State Normal Friday morning, was unable to keep her appointment because of an attack of tonsilitis. She was to have given a concert at her old home town, Atlantic, the coming Thursday night, but will be unable to do so, and several other concert engagements in Iowa have been cancelled. She will return to Maryville at a later date and sing before a Maryville audience.

Arrived From Wyoming.

Mr. Armonde Gill of Sheridan, Wyo., who on Tuesday will marry Miss Bird Shelton of this city, arrived in Maryville Saturday and is a guest at the home of his aunt, Mrs. J. E. O'Neal of South Main street.

TAFT WINS IN TEXAS

BIG EIGHT AND THREE DISTRICTS TO THE PRESIDENT.

TEDDY GETS 1 DISTRICT

Up to Press Time Saturday the President Has Won 187 Delegates and the Colonel 15.

Results of Contests.

Delegates seated up to Saturday: For Taft, 173; for Roosevelt, 13.

Total number of delegates in contests still pending up to Saturday, 68.

Delegates seated at press time this afternoon: For Taft, 14; for Roosevelt, 2.

Remaining contests, which will probably all be taken up today, are those of Texas, Virginia, Washington, the District of Columbia and the third district of North Carolina.

The Texas contest was taken up by the Republican national committee today at Chicago. Up to press time this afternoon the committee voted to seat the eight delegates at large from Texas for Taft, and to also give to Taft the district delegates in the first, second and fourth. In the third district in Texas the committee, by a unanimous vote, seated the two delegates for Roosevelt.

Col. Roosevelt arrived in Chicago late this afternoon.

The Republican convention will meet Tuesday. A monster mass meeting is to be held in an auditorium of Chicago on Monday night by the Roosevelt followers, which will be addressed by Col. Theodore Roosevelt.

All eyes will be on Chicago next week. The fight promises to be the liveliest one ever held in the country at a convention.

REPORT ON APPLE CROP.

Unusually Large Apple Crop in Sight at This Time.

Reports from correspondents to the secretary's office indicate an unusually large apple crop in sight at this time. The percent may fall some during this month, due to what is known as "the June drop," and there is always the menace of insects and diseases to the unsprayed orchards.

So far this season there has been but slight injury due to insects and diseases. Some correspondents report scab and blight, also damage from curculio and codling moth, especially in unsprayed orchards. These do not appear, however, to be widespread, as most reports give no insect or disease injury.

The set has been only fair to good. Some varieties, as Ben Davis, Gano and Winesap, set well and will give best crop. Jonathan and York set poorly in all sections, while most sections report poor set for summer varieties. As an average for the state, estimated by our correspondents, the apple crop now stands at 72 per cent. This seems to be fairly uniform throughout the state. The lowest average is for Northeast Missouri—64 per cent—while the highest—Northwest Missouri—has 77 per cent.

At this time last year the outlook for an apple crop was placed at 35—40 per cent.

The average number of growers reported spraying is 16 per cent. Northwest Missouri leads with highest number 29 per cent, while Central Missouri reports the least, 11 per cent.

GRAFTED SKIN ON HAND.

Little Boy From Hospital Went Through That Operation at St. Francis Hospital Saturday.

Ronald Renfro, the 3-year-old son of Mrs. Mary Renfro of Hopkins had enough skin taken from one of his legs Saturday morning to cover the back of one of his hands that was badly burned a year ago. The hand was so scarred and drawn that the fingers turned back. The child was brought to the hospital several days ago by his mother and sister, Miss Elma. Dr. Charles T. Bell, who had charge of the case, removed the scar a few days ago and prepared the place for grafting on the skin. He got along all right this morning, and it will be only a short time until he will have a good hand.

Mrs. C. C. Graves, Misses Dora and Winifred Carpenter went to St. Joseph Saturday morning to spend the day.

Mr. and Mrs. Clarence Steiger of Ravenwood visited in the city Friday with the family of Robinson Craven.

DIED AFTER LONG ILLNESS.

Mrs. T. C. Hollowell Passed Away at Her Home on East Second Street Friday Afternoon.

Mrs. Thomas C. Hollowell, who has been very ill of a complication of diseases for the past year, died Friday afternoon at 4 o'clock at the family home, 1004 East Second street.

The funeral services will be held Sunday afternoon at 3 o'clock at the residence and will be conducted by Rev. J. S. Ford of the First M. E. church and Rev. Lee Harrel of the Baptist church. The body will lie in state from 1 to 2:30 o'clock Sunday afternoon.

Mrs. Hollowell, whose maiden name was Anna Clara Lowrey, was the daughter of Mr. and Mrs. B. F. Lowrey of this city. She was born in Bedford county, Pa., June 28, 1858. When a small child she came west with her parents, who settled at Hanover, Kan., and then later moved to Washington, Kan., where she was married April 25, 1875, to T. C. Hollowell. Mr. Hollowell and his wife's family moved to Maryville thirty-five years ago the coming August, and this city has been their home ever since. Five children were born to them—William, who died in infancy, and four children who survive their mother with their father. They are: Francis B., Ina, Lawson D. and Truman Hollowell, who are at home. Mrs. Hollowell is also survived by three brothers and two sisters—R. H. and S. Wesley Lowrey of Grant City ,Samuel W. Lowrey of Maryville, Dr. May L. Beason of Newell, Ia., and Mrs. J. S. Clark of Maryville.

Mrs. Hollowell has been a member of the M. E. church since young womanhood.

Mrs. Hollowell had been a member of the Methodist Episcopal church since young womanhood. She was as true in every relation of life as a Christian woman can be. She was especially good to those less fortunate than herself, and many will miss her kind ministrations. Her family will have to bear the loss of a true wife, a loving mother and daughter. She was patient and kind through all her long illness. May the memory of her faith and goodness sustain them and lead them to the same God in whom she had implicit faith. A FRIEND.

THE NORMAL BOULEVARD.

New Road Will Be Completed Saturday Evening—Opened to Public Next Thursday.

President Taylor announced Saturday morning that the new road or driveway to the Normal campus will be completed Saturday evening, but will not be open to public use until next Thursday, June 20.

The new road will be designated "The Normal Boulevard." It begins at the entrance to the Normal residence, thence through the campus to the front of the Normal building, past the athletic grounds, then through Normal-Chautauqua park to Fourth street.

This will eventually become one of the most attractive drives in Northwest Missouri.

The road is the one that the Normal has demonstrated on with oil.

TO CHICAGO FOR CONVENTION.

A Party Left Saturday Afternoon on the Burlington for the Windy City.

A party from Maryville left Saturday for Chicago, where they will attend the Republican national convention to be held next week. J. S. Shinabargar, a delegate from the fourth congressional district; H. F. Lest, an alternate, and W. F. Phares, R. P. Hosmer, George Robb Ellison and James Todd were in the party. Mr. and Mrs. Fayette Bellows and family also left Saturday afternoon for the convention and will be the guests of relatives in Chicago.

Services at Workman Chapel.

Memorial services will be held at the Workman chapel, northwest of Maryville, on Sunday. A basket dinner will also be given. President H. K. Taylor of the Normal school is to deliver the address in the afternoon.

Normal Enrollment 459.

The enrollment for the summer term of the State Normal school was 459 Saturday.

Clairvoyant Bernay Will Be in Maryville 3 Days Each Week

Arrives Monday Noon and Remains Until Wednesday Night—Offices at 201 Fourth Street, Corner of Buchanan.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travels, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating.

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are $1.00 and $2.00. Everything strictly confidential.

We are authorized to announce that Dudley Rice of Hughes township is a candidate for the Democratic nomination for sheriff of Nodaway county subject to the decision of the August primary.

WHAT OUR BUSINESS MEN NEED.

The need of the business men of today are employes who are as much interested in their business as though it were their own. The following little incident shows that there are some employes made of the right kind of metal.

A lady went into one of the leading dry goods stores of a little city, having a few small purchases to make. The saleslady in attendance gave as much attention to her purchases as though they had amounted to hundreds of dollars. After the customer had gone the cashier of the store noticed the omission of an article from the lady's package and told the saleslady about it. She was ready in a moment with hat and gloves to take the lady's package to her before any embarrassment had been caused, but the customer had noticed the error as soon as she left the store and had returned for it.

Another incident happened to this same lady. She visited an ice cream parlor where two young lady clerks were in attendance, and seated herself at a table in plain view of them, waiting her turn to be served. There she sat, expecting every minute to be waited on next, but several young men customers were waited on at the cigar case instead, and the proprietor's wife visited the store and chatted with the clerks concerning the weather, etc. The customer modestly arose and walked out of the store, and we doubt if the sleepy clerks knew they had had a customer.

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Martin H. Borrusch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

EDUCATIONAL AND INDUSTRIAL CO-OPERATION.

Here is what the St. Joseph Gazette had to say in an editorial under the above caption:

The general theme followed by President H. K. Taylor of the Maryville State Normal school in his address at the Commerce club luncheon was the relation, the co-ordination, between the higher educational interests of Northwestern Missouri and the material and better advancement of all legitimate interests in that territory, including those of St. Joseph. He "connected up" with admirable logic and illustration, and his address excited frequent and enthusiastic applause.

But ignoring all figures of speech and claims inspired by enthusiasm of the moment, and it is a fact that the co-relation, the interdependence of all legitimate industry and of education in Northwestern Missouri with the immediate business and educational interests of St. Joseph is apparent to all thinking people. One of the first conclusions apparent to us is that whatever St. Joseph may do to forward the immediate interests of the State Normal at Maryville will forward the educational interests of this city directly. It is really impossible to controvert this. In the first place, too many Buchanan county students are enrolled there to let us forget that it is true. In the next place, every neighborhood in Northwestern Missouri that is tributary to St. Joseph in a trade sense also has students enrolled therein, and those students upon graduating and looking for new and broader fields than the ones they come from, naturally and inevitably turn to St. Joseph. We all know that hundreds of them do every year.

Many teachers in St. Joseph and Buchanan county and every other neighborhood of this section of the state are graduates of the Maryville Normal school, and the districts that employ them are distinctly profited by it as they themselves are. Besides, it is a matter of mutual pride.

It is a matter of concern to this city and this county and to all of this section that the educational methods and theories of the Maryville Normal school be continued as practical and advanced as they are under its present management. Let us interest ourselves in its behalf with the next legislature and in other ways, including liberal patronage. It will be a good investment for the near and the distant future.

CHICAGO MERCHANT MAKES STATEMENT.

After Spending Thousands of Dollars and Consulting the Most Eminent Physicians, He Was Desperate.

CHICAGO, ILLS.—Mr. J. G. Becker, of 134 Van Buren St., a well-known wholesale dry goods dealer, states as follows:

"I have had catarrh for more than thirty years. Have tried everything on earth and spent thousands of dollars for other medicines and with physicians, without getting any lasting relief, and can say to you that I have found Peruna the only remedy that has cured me permanently.

"Peruna has also cured my wife of catarrh. She always keeps it in the house for an attack of a cold, which it invariably cures in a very short time."

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die.

At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

Your druggist sells it. Please try it.

Ends Hunt for Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Elictric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at Orear-Henry Drug Co.

GAVE PRESIDENT EVERY CONTEST

Roosevelt Gained Nothing in Day's Work of Committee.

ASK MORE TIME ON TEXAS CASES

Committee Adjourned Early on Request of Taft Attorneys—68 Contests Remain Undecided.

Chicago, June 15.—President Taft received six delegates at the hands of the Republican national committee in contests with the forces of Col. Roosevelt. To that number the committee added eight by the settlement of local fights between Taft rival delegations. Opposed to the day's gain of 14 by President Taft was another empty sheet for Col. Roosevelt.

When the committee adjourned at 2:50 o'clock the Texas, Virginia and Washington contests remained as the struggles in which the Roosevelt leaders are to center their strength.

The Results to Date.

The committee's labors have resulted as follows for the day:

For Taft in contests with Roosevelt: Oklahoma, first district, 2; Tennessee, second district 2, ninth district 2. In contests between rival Taft delegations: South Carolina, first district, 2; Tennessee, first district 2, tenth district 2; Alaska, 2.

Total contests decided, 186; for Taft 173, for Roosevelt 13, remaining undecided, 68.

The contest from Alaska, that had not figured in the committee's lists, was disposed of without argument just before adjournment.

Dick Pleads for Time.

The sudden and early termination of the day's proceedings resulted from the desire of President Taft's attorneys for more time to prepare the cases from Texas. Col. Cecil Lyon, the Texas committeeman, declared the Roosevelt forces were prepared, and desired to continue, but former Senator Dick asked and was granted a continuance until morning.

The remaining contests include those of Texas, Virginia, Washington, the District of Columbia and the third district of North Carolina. In the Fourth Carolina district both delegates are understood to be for Roosevelt.

The contested delegates in Texas number 30, in Virginia 20, in Washington 14, in the District of Columbia two and in North Carolina two.

MORE LAND IS BEING FLOODED

Louisiana Planters Give Up Contest and Move—Sugar Plantations Ruined.

New Orleans, June 15.—A desperate fight is being waged in La Fourche and adjoining parishes to keep the flood waters of Hymelia crevasse from inundating several valuable sugar plantations, the flooding of which will increase property loss by the thousands.

Several plantation owners have given up the contest as hopeless and are moving what property they can. Live stock by the hundreds, isolated in La Fourche parish, is almost certain to die of starvation. Steamers with sand bags and supplies are en route to the La Fourche section.

TO RID WASHINGTON OF CATS

Fear of Spreading Rabies Epidemic Causes Official Order to Kill Animals.

Washington, June 15.—The commissioners of the District of Columbia are going after cats. By official edict all cats hereafter found running at large will be impounded and put to death.

The regulation was adopted, the commissioners say, for the prevention of the spread of rabies. Nine feline sufferers from this disease, accused of having bitten 11 persons, have been impounded so far.

A Ban on "Picture Brides."

San Francisco, June 15.—No more "picture brides" from Japan is the ruling received from Secretary Nagel of the department of commerce and labor. Nearly 90 per cent of the Japanese women who come to this country pass in on photos shown by their supposed husbands. Those who oppose their entry maintain that many of them are imported for illegal purposes.

Edison Gift Story False.

Orange, N. J., June 15.—Thomas A. Edison emphatically denies that there is any truth in the report that he was the donor of the $2,500,000 fund recently given by someone to the Massachusetts institute of technology, Boston. The inventor says that he has a better use for his money.

Cloudburst Tied Up Trains.

Sedalia, Mo., June 15.—A cloudburst on the St. Louis division of the Missouri, Kansas & Texas railway near Rocheport caused a washout that resulted in trains to and from St. Louis being detoured over the Chicago & Alton and Chicago, Burlington & Quincy railways.

FRANCIS J. HENEY

Francis J. Heney, in conducting the Roosevelt side of the California contest before the Republican national committee, said he was there "for the purpose of apprising the president that he is accepting stolen goods if he takes these delegates when you give them to him."

WARNS KANSANS OF TYPHOID

STATE BOARD OF HEALTH GIVES VALUABLE ADVICE.

Pamphlet Issued by Dr. Crumbine Tells of Danger and Means of Prevention.

Topeka, June 15.—This is the time of year when everyone should be preparing to stop the ravages of typhoid fever, the most dangerous and most prevalent of summer diseases. Typhoid easily is preventable, and July, August, September and October are the months when it is most prevalent.

The Kansas board of health has just started its crusade against the disease. It has had a pamphlet printed telling all about typhoid, how to prevent it, how to cure it and how to prevent its spread.

Typhoid is a communicable disease and is spread by a germ of its own. These germs are usually spread through polluted water supplies, through milk and through the ordinary housefly, the fly being the most dangerous carrier.

The best preventive of the disease is a disinfectant, and the best of these is chloride of lime, says Dr. S. J. Crumbine, secretary of the state board of health. Spread it around thick upon all refuse piles, drains, stables, vaults and anywhere else where germs might breed and where the odor is not objectionable, and there will be no danger of the disease. Chloride of lime, one pound to three gallons of water mixed, may be used around the house and will accomplish the same purpose.

If there should be a typhoid fever case in the neighborhood keep out the flies. Keep them away from every person and away from the food, away from everything that may be eaten or handled and there will not be much danger of the disease spreading.

BANKER'S ASSAILANT IS HELD

Paul Swingle Must Stand Trial for Shooting of Thad Carver at Pratt, Kansas.

Pratt, Kan., June 15.—Paul Swingle, charged with shooting Thad C. Carver, a wealthy banker of this city, on May 15, was bound over to the district court and is in jail in default of $5,000 bond.

Two nail marks on the Carver window fit the two nails that protrude from Swingle's shoes he wore when arrested. A bullet taken from one of the shells from Swingle's revolver tallies exactly with the one taken from Carver's side.

The bloodhounds followed the trail to the jail and then when the jail door was opened went to the cell that Swingle was in and would work no more.

Label Liquor "Explosive."

Tulsa, Ok., June 15.—It is a "cold day in August" when an east Oklahoma "bootlegger" cannot find some method to evade the prohibitory laws. The latest scheme is to import liquor into forbidden territory in nitroglycerin wagons. These wagons will carry 600 quarts and with the label, "Nitroglycerin—Dangerous!" are an object of terror to everybody, officers included. The plan practiced is to load a wagon half full of liquor and then fill the other half with the explosive.

Shot at Girl Five Times.

Chicago, June 15.—Standing beside the bed of his former sweetheart, Bernice Douthitt, Thomas M. Payne, 28 years old, fired five shots at her. Every bullet struck the bed, but the girl was uninjured. Reloading the gun, Payne fired a bullet into his own body, and was taken to a hospital in a dangerous condition. Payne was angry with the girl because she had jilted him.

NEGRO CLAIMS HE WAS BRIBED

Roosevelt Men Give Out Alleged Letter From Taft Delegate.

CAUSED SENSATION IN CAMP

Charles Banks of Mississippi, Wrote McKinley, Returning Money Placed in His Hands.

Chicago, June 15.—A letter written by Charles Banks, one of the negro Taft delegates-at-large from Mississippi, to McKinley of the Taft headquarters, announcing that he would support Roosevelt and was returning "the money placed in my hands, at your suggestion, to defray the traveling expenses of some of the delegates from Mississippi," was given out by Senator Dixon, manager of the Roosevelt campaign, and created a sensation in political circles.

No Explanation Given.

The letter was unaccompanied by explanation from the Roosevelt managers, further than that "Senator Dixon received at Roosevelt headquarters the following copy of a letter sent to William B. McKinley."

Banks and his associates on the Taft delegation-at-large were seated by the national committee against the protest of the Roosevelt contestants from the state.

The letter said in part:

"In keeping with my suggestion of yesterday, I am returning to you herewith the money placed in my hands at your suggestion, to defray traveling expenses of some of the delegates from Mississippi.

Expense Money Not Wanted.

"When I was in Washington your assistant brought up the matter of expenses for delegates from my state. I told him then, in your presence, that I would not accept any expense money.

"You then proposed that I take enough for the rest of the delegates. I stated to you that they were all men who could get to Chicago, and you could look after the matter here; both of you, however, proposed that the matter be closed then, to which I agreed."

Banks says further in the letter.

"In turning from the support of your candidate it may be urged that I have violated instructions," the letter says. "I shall say nothing of the conditions under which the convention issued instructions unless later developments require it."

WOMAN TOOK REGISTERED MAIL

Long List of Mysterious Thefts Cleared by Confession at Spadra, Ark.

Fort Smith, Ark., June 15.—Charged with rifling the mails, Mrs. Emma Mitchell of Spadra, Ark., pleaded guilty before Judge Youmans. The woman admitted she was responsible for a long series of mail thefts at Spadra, where her husband was employed as night telegraph operator at a railway station. In his absence, she said, she opened the mail sacks and extracted merchandise. She said her husband, who was arrested but not indicted, was innocent of any complicity in the crime.

WOMAN KNOCKED A HORSE DOWN

Farmer's Wife Stops Runaway With a Blow, Saving Her Husband's Life.

Wichita, June 15.—While milking a cow on her farm north of here, Mrs. S. B. Gaines saw a four-horse team headed toward her on the run, dragging the plow and Mr. Gaines. Taking a wooden standard, Mrs. Gaines stood where the horses would have to pass, and felled one of the animals with a blow on the head. This brought the runaway to a stop and, after learning her husband was not severely injured she telephoned for a veterinary, who found the horse so badly hurt it had to be killed.

Women Doctors in Germany.

Berlin, June 15.—The prospects for women in the professions which necessitate the possession of university diplomas has been the subject of inquiry by the Berlin university. The results show that the most prosperous of these professions was the medical. There are now 172 certified women doctors in Germany.

To Resume Orient Construction.

Fort Stockton, Tex., June 15.—It is announced that construction work will soon be resumed on the extension of the Kansas City, Mexico & Orient from Granada to Fort Stockton, a distance of 32 miles. Citizens of Fort Stockton and landed interests near here have subscribed $30,000 bonus to aid the road.

Railroads Help Farmers.

Topeka, June 15.—The Kansas railroads are preparing to issue a call for a big convention of Kansas farmers to be held in Topeka next fall to discuss plans for a statewide movement to improve the acre yields in Kansas, the roads and the social life of the farmers.

TWO STATES HAVE FATAL TORNADOES

Kansas and Nebraska Visited by Destructive Storms.

EACH REPORTS BUT ONE DEATH

Many People Have Narrow Escape—Number of Small Twisters in One County—Much Property Damage.

Independence, Kan., June 15.—Stories are already coming into town about the heavy wind, rain and hail storm which passed through this section of Montgomery county about 6 o'clock. It seemed to be made up of a number of small "twisters" each of which, after doing some damage, dissolved.

Near Elk City, this county, the storm did considerable damage and caused the death of a 10-year-old boy, Ray Palmer. Young Palmer and his father were in the barn caring for the stock when the wind picked up the farm house and buildings and scattered them over the landscape. The barn was crushed like an egg shell and man and boy were blown into the box stalls with the mules. The father was only slightly injured, but the boy was kicked and trampled on so severely that he lived but three hours after the accident.

Took Refuge in Cellar.

At the farm of O. L. Kimbre, two miles from Elk City, the family saw the tornado coming and took refuge in the cellar. When they emerged there was hardly a vestige left of their home or any of the outbuildings. On other farms the outbuildings were blown away.

A small "twister" formed two miles from Independence, moved along for half a mile, taking farm buildings and all trees in its path, then was dissipated.

Hail Stones Measured 14 Inches.

Beatrice, Neb., June 15.—A destructive tornado and hail storm passed through the north part of Gage county about 6 o'clock. Mrs. John Ideus was instantly killed at her home near Adams when her house was blown down. Her daughter fatally injured.

The house of Emil Keller, near Hallam, was destroyed, but the family escaped uninjured. The storm traveled southeast from that point, blowing down barns and outbuildings.

Southeast of Cortland many barns and outbuildings were leveled. Hail stones measuring 14 inches in circumference fell. Complete reports of the damage are lacking. The storm covered a strip of territory about a mile in width.

SUFFRAGETTES "INVITED OUT"

Duchess of Devonshire Had to Have Two Guests Removed From Her House.

London, June 15.—There was a meeting at Devonshire house of the Colonial Nursing association. Princess Henry of Battenberg was present. While Lewis Harcourt, a member of the cabinet, was speaking, two suffragettes interrupted him with their war cry of "votes for women."

The Duchess of Devonshire reminded the women that they were guests in her house and under the circumstances she had no alternative but to request that they withdraw. The women were led from the room.

INDUSTRIAL WORKERS HAD ACID

Two Men, Arrested in Los Angeles After Hard Fight, Each Carried Bottle.

Los Angeles, June 15.—Two men who said they were members of the Industrial Workers of the World were arrested here after a rough and tumble fight in a restaurant.

The police said they found on the men two revolvers, cartridge belts filled with bullets and a bottle of prussic acid. When asked why they were carrying around a bottle of prussic acid one of the prisoners is said to have told the police that they "used it in their propaganda work."

Had Five Paralytic Strokes.

Columbia, Mo., June 15.—Miss America Stockton, 90 years old, residing near Centralia, is alive after five strokes of paralysis. Three strokes usually prove fatal and five is said to be an unheard of number. Miss Stockton cannot talk, but is able to understand what is said to her.

Demand Union Funerals.

Cincinnati, June 15.—Unionization of funerals is demanded by the newly organized hack and cab drivers' union of this city, the officers having notified the employing undertakers that they will strike unless their demand for recognition of the union is complied with.

Safe Blowers Got $12,000.

Rogers, Ark., June 15.—Four robbers blew open the safe of the First National bank at Huntsville and escaped with $12,000. The robbers used dynamite on the safe and escaped before the town was entirely aroused. Huntsville is 40 miles southeast of Rogers.

MARKS LINE OF FAMOUS MARCH

BRONZE TABLETS NOW SHOW HERKIMER'S ADVANCE.

Striking Memorial Service at Unveiling—Each of the 14 Shows Some Historical Spot.

Utica, N. Y., June 14—General Nicholas Herkimer's 40-mile advance through the Mohawk Valley to relieve Col. Peter Gansevoort at Fort Stanwix from the onslaught of a large force of British and Indians in August, 1777, was commemorated today by the unveiling of fourteen bronze tablets strung along his line of march.

It is probable that never before in history of the United States has as striking a memorial service been staged. Along the forty miles of country road traversed by the rescue party the tablets mark each important historical spot. Each of these tablets contains a map of the route and also a few lines explaining the significance of its site. Those who placed the tablets were the German American Alliance, the Sons of Oriskany of New York City, the Utica Chamber of Commerce, the school children of Utica, the Fort Schuyler Chapter of the Sons of the American Revolution, and the Asternnrogem, Nicholas Herkimer, Kuyahoora, Mohawk Valley, Marinus Willett, Oneida and Oriskany chapters of the Daughters of the American Revolution.

Herkimer's march began on August 3, 1777, when he left his homestead, and terminated on August 6, on which day he fought the battle of Oriskany. This battle is registered as indecisive in history, but in reality it effectually checked the southern march of St. Leger with his Tories and Brant, commanding a large body of Indians, thus turning the tide of battle against the British at a most critical period in the American Revolution.

Herkimer was wounded early in the battle, but directed the fight from a little rise of ground where he sat on the saddle of his dead horse, replying to all importunities to retire, "I will face the enemy." The general died three days later at his homestead after the amputation of his leg by a French surgeon.

GIRL LAW STUDENT WINS PRIZE

Only Woman in Missouri University Class Has Best Essay on Legal Ethics.

Columbia, Mo., June 14.—In competition with more than 200 men students Miss Ethel Violet Kynaston of Moberly, Mo., won the highest honor given in the school of law of the University of Missouri for the last school year. At the seventieth annual commencement of the university it was announced that Miss Kynaston had won the Karnes Prize for the best essay on legal ethics. Miss Kynaston is the only girl in the school. The prize is worth $50, and is the annual gift of the late J. V. C. Karnes of Kansas City.

MAKING A FINE ROAD.

S. J. Icke and Sons Are Fixing Up a Mile of Road That Can't Be Beaten.

R. G. Sanders came in this noon from an automobile trip south of town and is praising up the good road work that is being done by the farmers along the way.

But there is one mile of road he can't quit talking about. It is the mile that is being worked by S. J. Icke and his sons, F. A. and S. M. Icke, along their farm. He says they will soon have it as smooth as a table, and also said that Mr. Icke and his sons say they are not going to let anybody beat them at making and keeping a good road if they can help it. And it looks as though they are going to succeed. Let the good work go on. Nothing speaks better for the progressiveness of a community than its good roads.
